ALUMINIUM VESSEL FOUND

On March 3, 2017, Corporal ABELS and other members of the Coquitlam RCMP Rural Policing Section, located a 10 foot aluminium car topper just north of Belcarra Park near the water in/out take for the water pump. The exterior of the boat is red, and was covered in green algae. Located inside the boat were two wooden paddles, a square black metal crab trap with a blue rope and an empty blue antifreeze container as a float. The boat also had blue rod holder clips attached. The boat was seized for Safe Keeping. If you can assist in identifying this vessel, please contact the Coquitlam RCMP. File 2017-6616. Non Emergency 604-945-1515
