RECOVERED TENDER

On November 13th 2017, the Vancouver Police Marine Unit recovered a 1976 Habercraft 10 foot aluminum tender drifting near the Granville Street Bridge in False Creek. It appears the vessel may have come free from a vessel or wharf in the area due to the strong winds. If you can assist in identifying the owner of this vessel, please contact Constable Janet Stringer at janet.stringer@vpd.ca VPD File 2017-234263.
