RECOVERED

A caller contacted Stolen Boats Canada after observing a vessel in a field in south Surrey that the caller believed to be listed on the web page as stolen. Wishing to remain anonymous, the caller was given directions on contacting Crime Stoppers. The subsequent tip through Crime Stoppers resulted in the recovery of a stolen 2004 Skiers Choice Moomba Mobius XLV by the Vancouver Police Marine Unit early on February 23. The vessel has been identified as being stolen from the Kelowna area in mid October 2010. The investigation is ongoing.
