## **RECOVERED/STOLEN VESSEL**

The Vancouver Police Auto Crime Enforcement Unit has recovered a 2007 Mastercraft X2 in the Fraser Valley, that had been stolen from Surrey in June of 2016.

The suspect had fraudulently replaced the Hull Identification Number with that of a Mastercraft X45, that investigators tracked down in Tennessee. The investigation is ongoing. If you can assist in this investigation, please contact Detective Phil ENS at [phil.ens@vpd.ca](mailto:phil.ens@vpd.ca)
