On September 21, 2013, an enclosed 25-foot white Haul cargo trailer tandem axle at the rear of a warehouse/store was stolen filled with AB and Sea Rover Inflatables. The trailer has a right side door, a rear full door/ramp and a concave roof indentation. A review of the camera of a neighbouring business showed a late model dark grey/dark blue GMC, 4-door, short-box pickup truck backing up to the trailer, cutting the securing locks, and driving away. If you have any further information, please contact your local police, Crimestoppers or the Vancouver Police Department File 2013-159286.

Location: 1600 Block West 4th Avenue, Vancouver BC
