Lost Kayak

Lost: Advanced Elements Inflatable Kayak

Date: June 28, 2026

Location: Strait of Georgia off Sand Heads

Contact: brianwangus@gmail.com

While sailing southbound approximately 10 nm off the Sand Heads, a wave tore a green Advanced Elements inflatable kayak off the sailing vessel's lifelines.

The vessel and crew subsequently became engaged in a rescue of persons in the water near the Tango Alpha buoy and were unable to recover their kayak.

Please contact Brian at brianwangus@gmail.com if you have information that could assist in recovering the kayak.
